Healing Nations Summer 2018 Highlights!

Summer is the time when the flowers are in full bloom, the sun rays are beating down, and bees won't give up swarming all around. It's the season when children are out of school and the time when many families take vacations together.

For Healing Nations it was swim parties, birthday parties, tea parties and even a mission trip to the Navajo Indian Reservation in Arizona. Wednesday's CrossTracks found water balloons, hundreds of water balloons and fun times outdoors. This summer was a special time for all of us to connect and spend quality time together. We found time to just get together, enjoy ice cream or a burger and just relax. It is in those times, God provides opportunities to share His love, truths and promises.

Sophath is an amazing young man, a junior in high school and has been a part of Healing Nations since 3rd grade. Sophath never misses a Wednesday, helps lead worship, always willing to lend a hand and loves the Lord. On the mission trip this summer he shared how much Healing Nations means to him and how difficult it was when Healing Nations took a year off in 2017. In his words, "Healing Nations is my family, my safe place and my place of hope."

Most of our students call Wednesday CrossTracks "church". Wednesday CrossTracks is the place they learn about God and in the process learn to trust and grow in faith.

I am so very thankful for all that God is doing through the volunteers and students at Healing Nations. We have the most talented, faithful, energetic, loving, hardworking and caring volunteers in the world! Pray for this wonderful team of volunteers as they prepare for the coming holiday activities.
