We are thrilled to return to Navajo Christian Foundation for the 15<sup>th</sup> consecutive year. Our mission this trip will involve children's ministry, youth ministry, community outreach and maintenance projects on the Navajo Christian Foundation Campus.

Navajo Christian Foundation (NCF) is located 35 miles north of Winslow AZ on the Navajo Reservation. We will stay on the NCF campus in separate boy and girl dorm rooms, provide our own meals and work directly with the NCF staff.

While we are involved in work projects on every visit, the primary goal of the mission trip is relational. We seek to build relationships with NCF staff and the children and families in the community of Dilkon.

### Basic Tentative Trip Schedule:

The vision of the Navajo Christian Foundation is to minister to all aspects of the Navajo family. The children's home is in place to provide Christian nurturing for abused and neglected Navajo children. As the children are reunited with their relatives, our goal is to reach the family for Jesus Christ. The counseling center has been built to provide not only management offices for NCF, but counseling services to insure that families have access to biblical counseling. The center will also be used to provide training for lay ministries.

The vision and prayer for the future is to provide more for the youth on the reservation by having a Christian youth recreation center. We strive to reach more Navajo youth for Christ by providing them an alternative to what the world offers. As the Lord provides, we would also like to develop a Christian school for families desiring a Christian education. Please pray for the mission and for God's timing and perfect will in how the mission might progress to meet the needs of the Navajo people.
